Housekeeping & Maintenance Update

Dear residents, we have sent out a notice & inventory sheet with your last billing statement. We want to clarify any questions or concerns that you may have. **The inventory sheet is a new request from the state of Idaho that they are asking all assisted living communities to fill out. If you choose not to, it is ok, there is a check mark you can check to not disclose this information.** The additional maintenance & housekeeping charge are for items that go above and beyond their regular duties, such as putting together furniture.

Also, there is a bin in the laundry room that contains clothes that were found in machines, please search for your missing items there.
